## Summit Hightlights

Message from our Executive Director

Dear Secure Technology Alliance Members,

We took a pause on last month's newsletter, given the fact that many of us were in San Diego at the 2025 Identity & Payments Summit. Feedback indicated that attendees enjoyed the mDL Technology Showcase, U.S. Payment Forum and Summit content, in particular the tracks which drilled down on identity, payments and transportation related topics. It was wonderful to see so many familiar faces in the audience and I was extremely impressed with the presenters who showed up prepared and kept to their allotted time!

Where available, you can download the presentation materials from the Summit site (see the links beside the relevant session)

Looking forward, we are working on upcoming events. The Identity & Access Forum is planning to meet in Atlanta, Georgia in August; the U.S. Payments Forum is working on scheduling their meeting at the Best Buy Headquarters in Minneapolis, November 12-13 2025. Keep an eye out for 'Save the Date' notifications.

We are seeking a location for the 2026 Identity & Payments Summit taking feedback and lessons learned from this year and will announce dates and location as soon as we have that information!

Meanwhile, check out the other happenings below!

Christina Hulka
Executive Director, Secure Technology Alliance

mDL Technology Showcase

What an exciting time we had at the 2025 STA Summit, especially with the addition of the mDL Technology Showcase this year. Thank you to the participants who walked us through the newest technology for accepting mDLs in several use cases. The work continues on as we build out the use cases to be used on www.mdlconnection.com

The mDL Banking & Financial Working Group has published its second educational brief, targeted at financial institutions. It focuses on the strong identity verification and authentication requirement for customers to access services like balance inquiries, withdrawals, loan applications, or notarization. Check out this working group's brief:
https://www.securetechalliance.org/mobile-identity-use-cases-in-financial-services/

Look for the posting of use cases from the **mDL Age Verification WG** and the **mDL Retail Payments WG**, along with other projects in the pipeline.

If you want more information, please get in touch with me at smayfield@securetechalliance.org

US PAYMENTS FORUM

The first quarter of 2025 has been filled with exciting accomplishments! We published the **Contactless Form Factor Test Considerations**—featuring our first-ever comic strip—hosted a **second webinar on Secure Remote Commerce**, and kicked off the year with our first member-only meeting, held alongside the Identity & Payments Summit in San Diego, CA. Additionally, we **announced our newly elected Steering Committee**, welcoming four first-time members.

Looking ahead, we're excited for what's to come! **This fall, we'll gather at Best Buy's headquarters in Minnesota** for our next meeting, and we're preparing for the release of two white papers and our first installment of our 3DS mini-series. Stay tuned for more updates!

SPRING MARKET SNAPSHOT

US PAYMENTS FORUM

The U.S. Payments Forum released their spring market snapshot, offering perspectives on the technologies shaping the way we pay.

COMING SOON

APRIL 2025   www.uspaymentsforum.org

SAVE THE DATE

The Forum will be having their fall member meeting on **11/12 - 11/13 in Minneapolis, MN** at the Best Buy Offices.

our **Spring Market Snapshot** will go live on 4/1!

Join us for a virtual member-only SIG discussion on **April 15th at 11am ET** where the focus of the conversation will highlight current data-sharing opportunities and provide actionable insights to drive industry-wide adoption.
