NIH PIV Badge

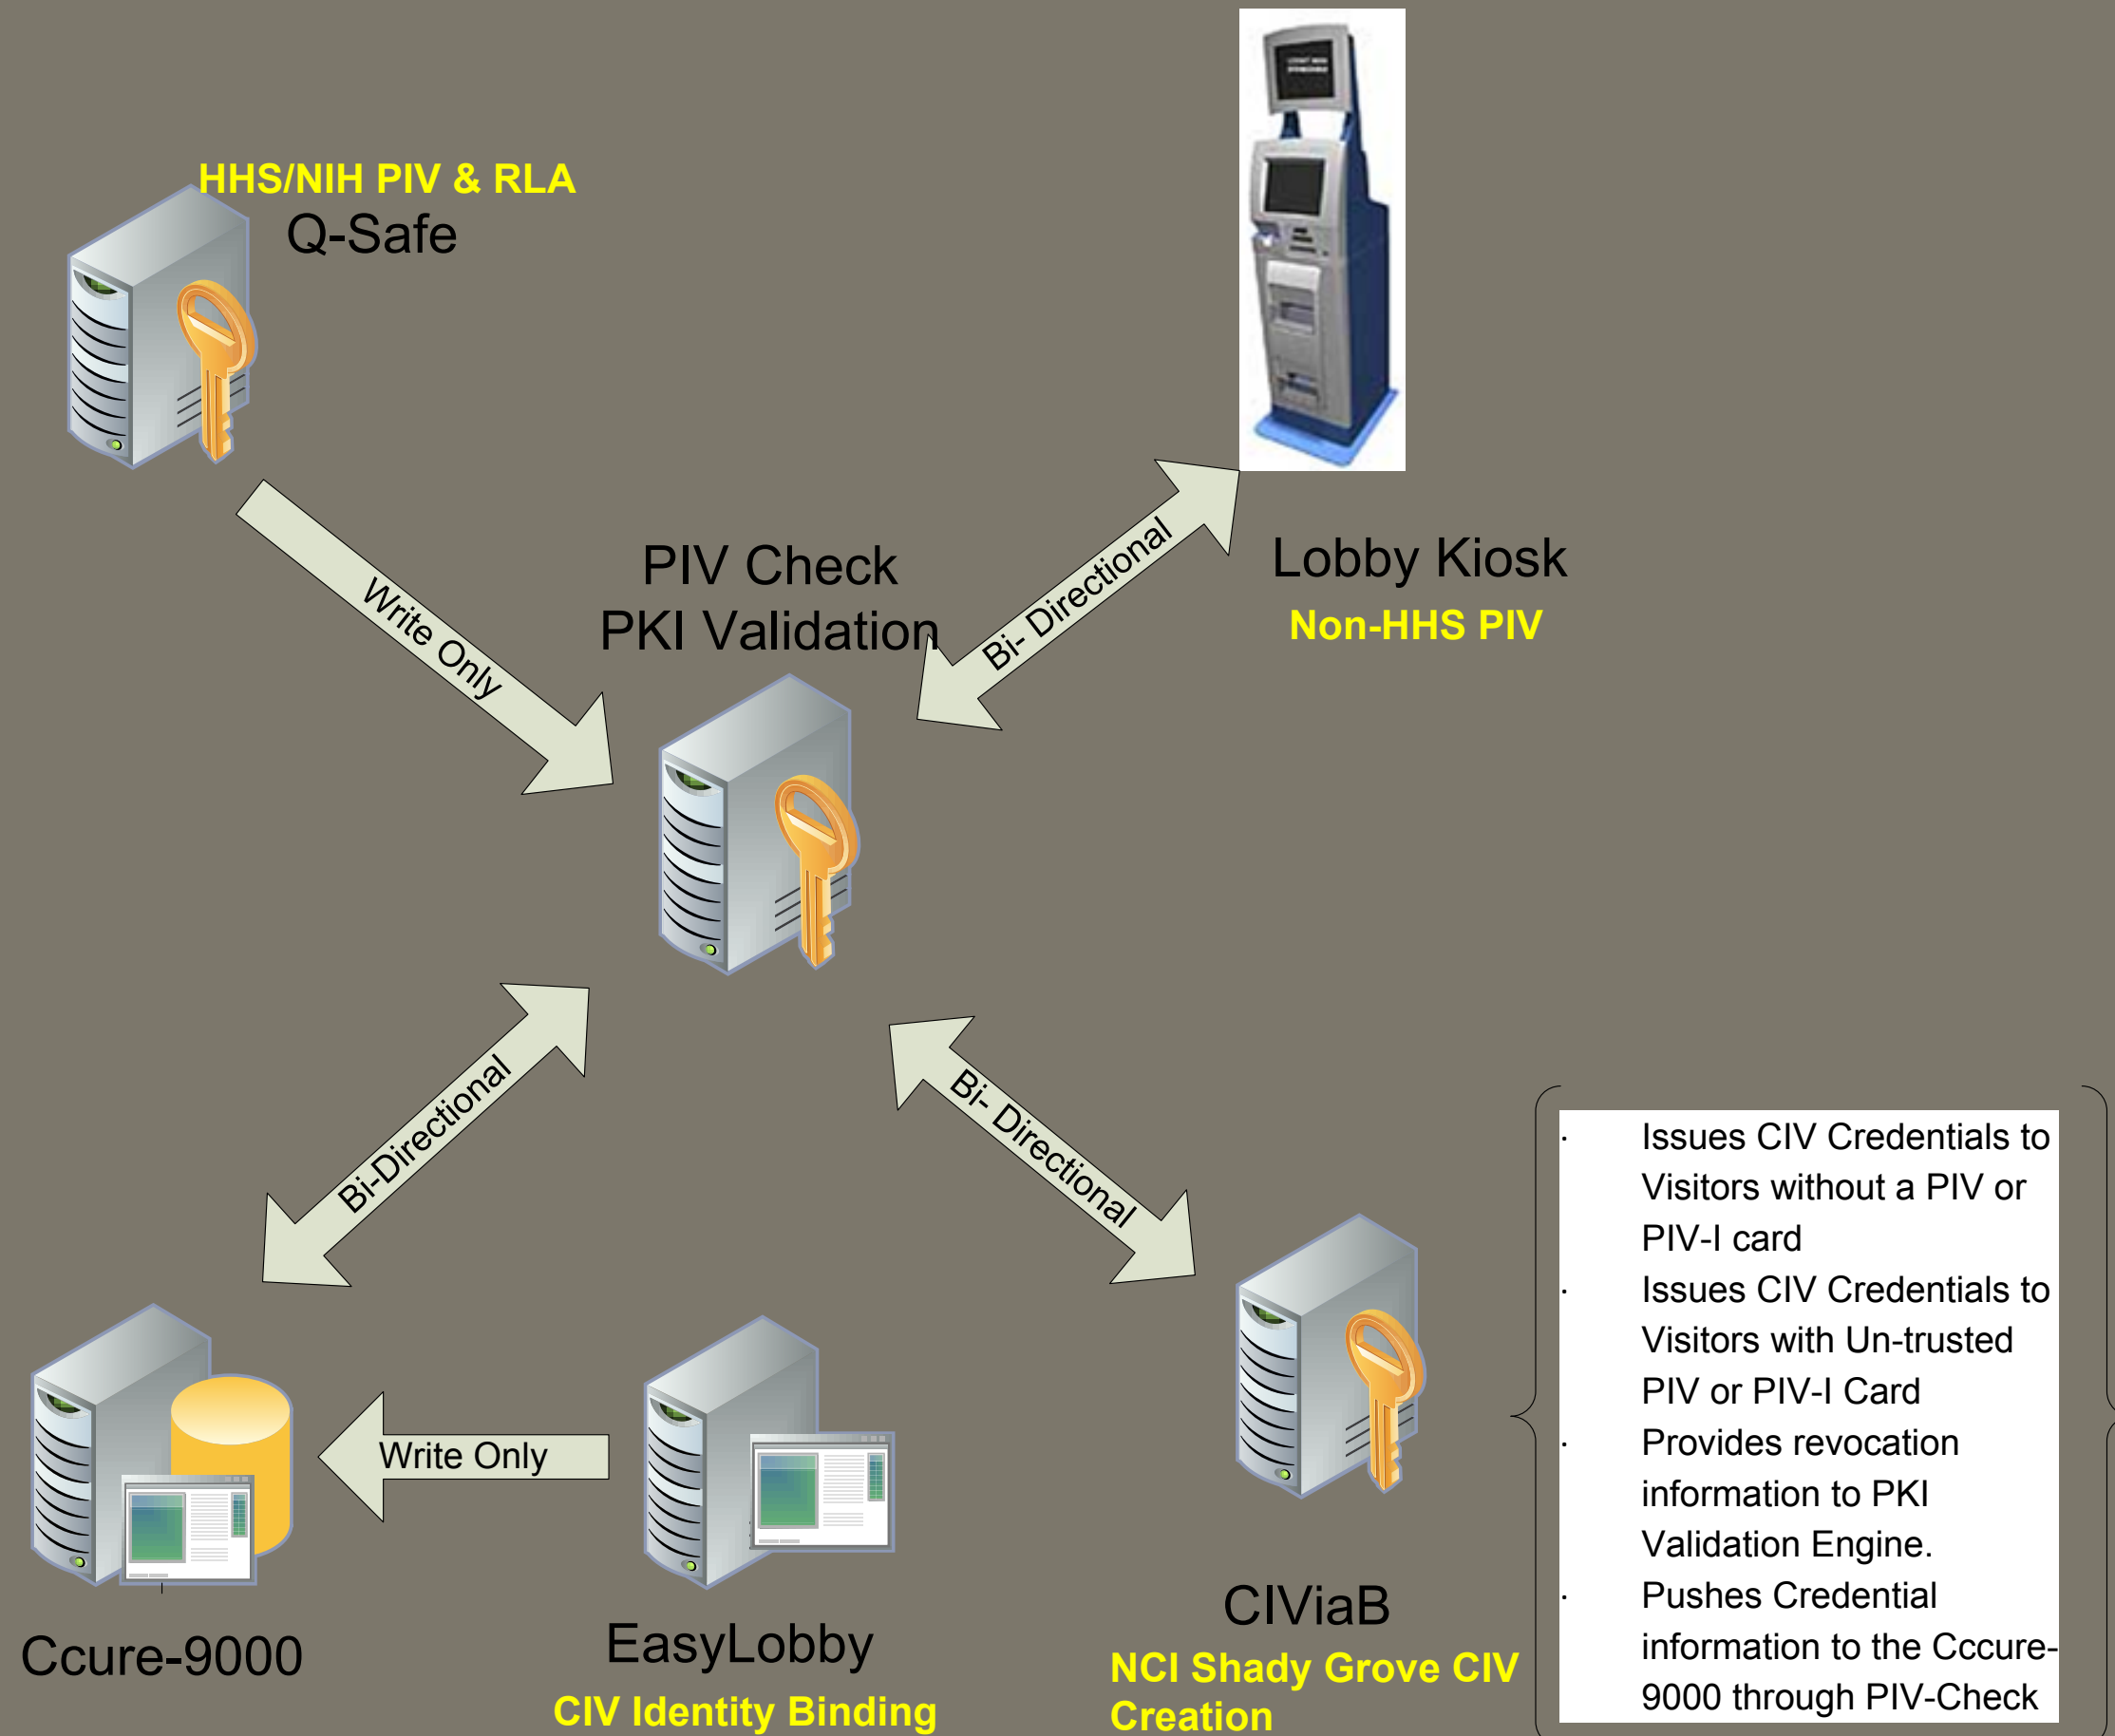

NIH RLA Badge

NIH CIV Badge

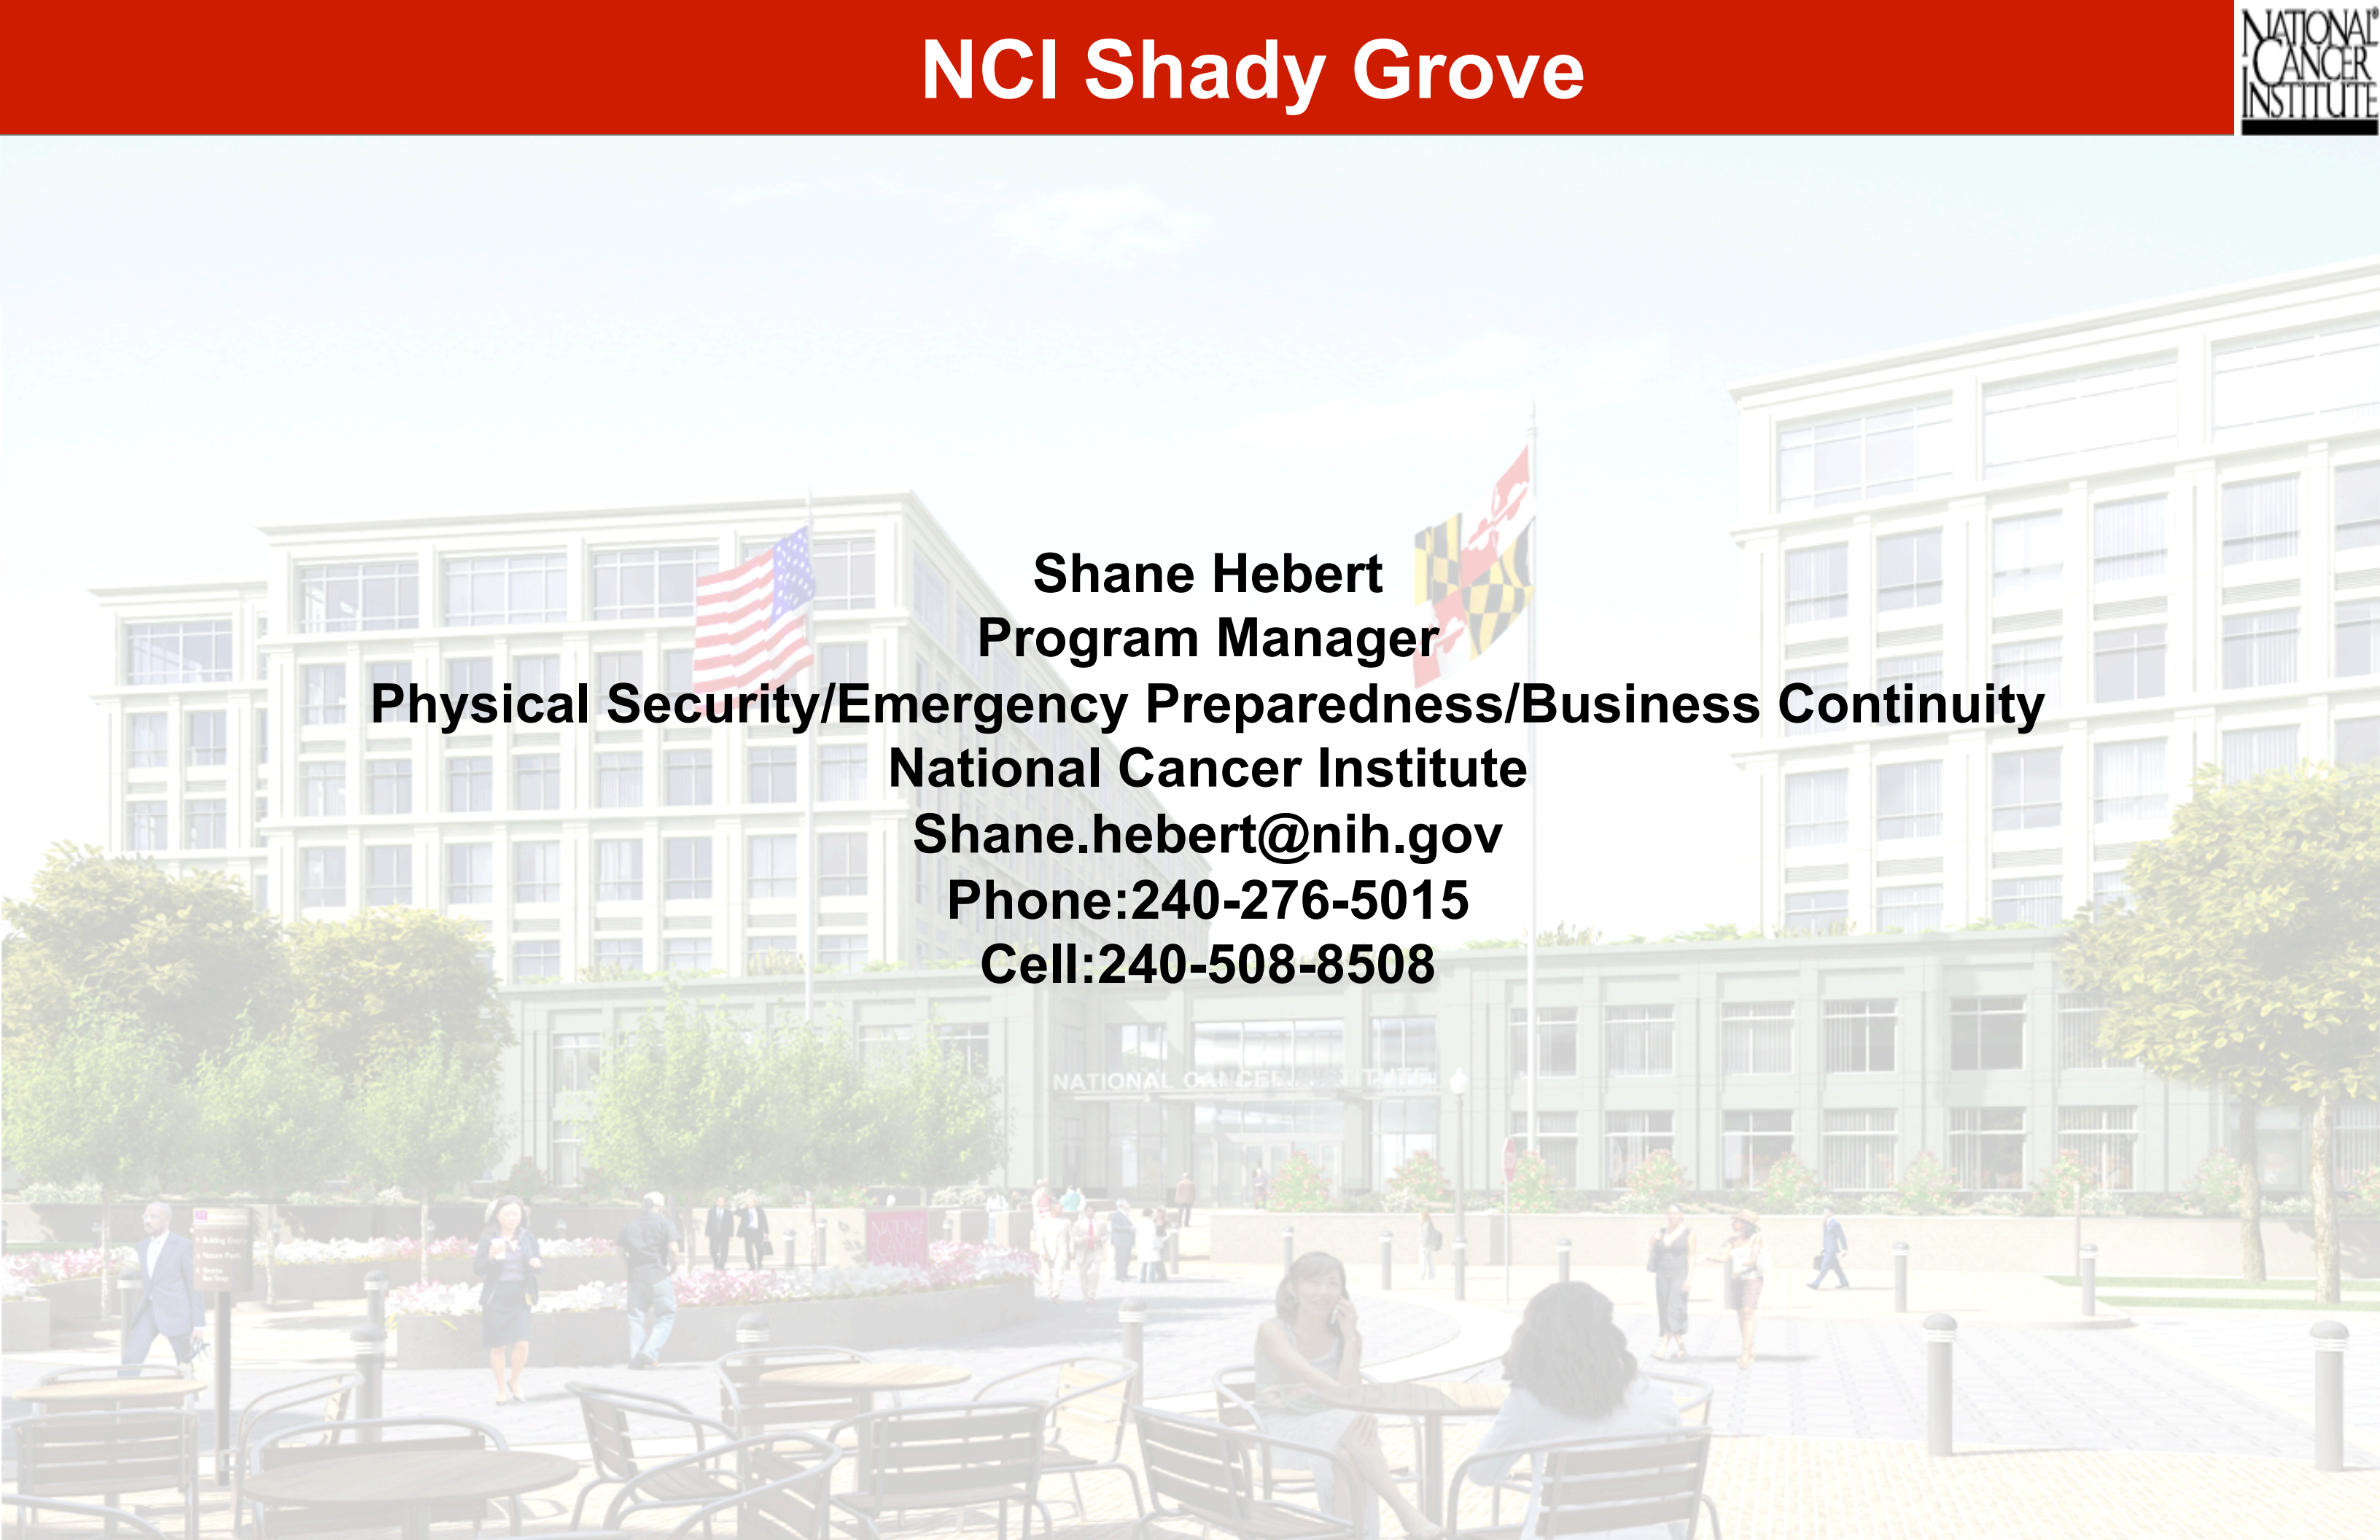

NCI Shady Grove Campus-Badge Data Flow

Advantages

- *Follows PIV Distribution Model (can be altered for need)*
- *Convenient-Can Be Produced On-Site in One Visit*
- *Cost Affective*
- *Secure (PKI based solution)*
- *Can Be Used With PACS/PIV Infrastructure (important for bade in/badge out)*
- *Interoperable (if accepted)*
- *Can Be Used with Emergency Mustering System (visitor accountability)*

NCI Shady Grove

An architectural rendering of the NCI Shady Grove building, a large, modern, multi-story structure with a grid-like facade of windows. In the foreground, there is a paved plaza with several people walking and sitting at outdoor tables. Two flagpoles are visible, one with the American flag and the other with the Maryland state flag. The text is overlaid in the center of the image.
